

Planning Advisory Committee

City of Greer Public Services

Residential

1. Mud mats must be installed for all grading, and construction for this project. (To include all entrances, and drives to this project.)
2. The City of Greer can provide garbage service for this project, provided it has **off Street Parking. (Driveways)**, for each address, lot, or residence.
3. **The Developer is responsible for all signage** that is in any way related to this project. That is all, stop signs, street signs, speed limit signs, etc.
